WHY CHOOSE THIS MODEL?

Genuine Danuser component for the T3 Post Driver.

Provides full hydraulic connection without permanent modification.

Includes all hoses, couplers, and mounting hardware.

Supported by SONCO for compatibility and purchasing guidance.

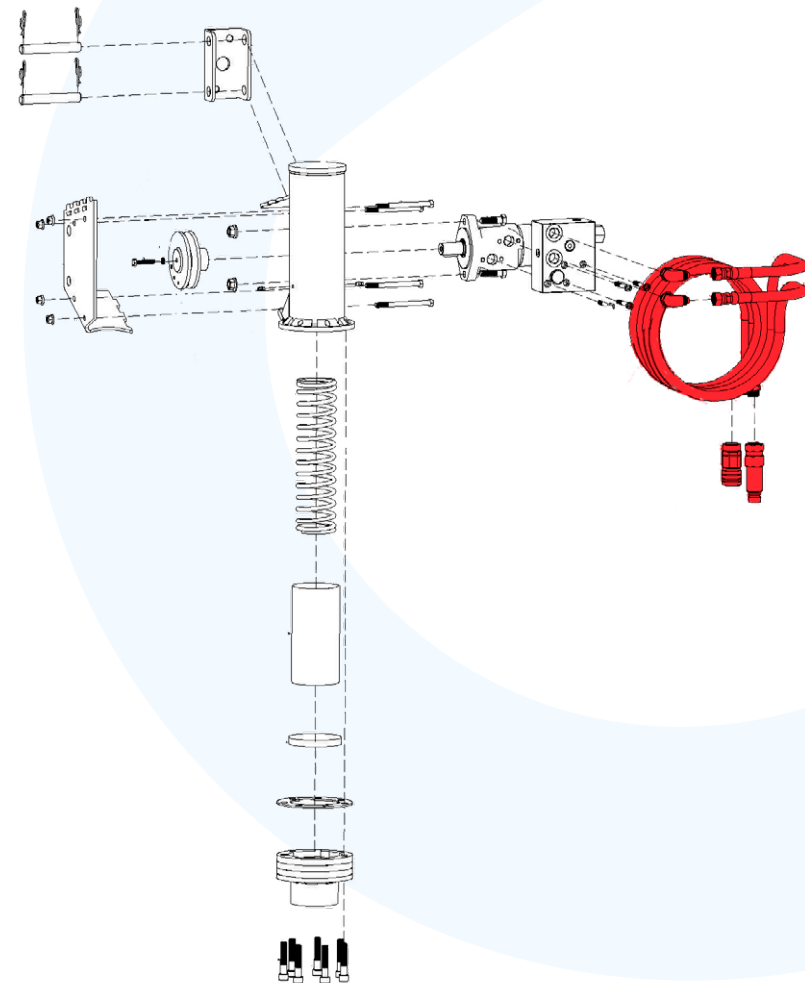

MAINTENANCE TIPS

- Inspect hoses and fittings before each use.
- Keep couplers capped and clean when disconnected.
- Coil and store hoses in a dry area to prevent kinks or wear.

Contact SONCO for pricing and compatibility confirmation.
