

EVENT FENCING

WHITE VINYL FENCE

Portable white vinyl fence panel made from PVC with a flat-top design, rotating steel T-feet, and a hook-and-loop interlocking system. Designed for space separation and pedestrian guidance.

FLAT-TOP PVC CONSTRUCTION

The 42" x 72" white PVC panel creates a clean, traditional fence appearance while providing a visible boundary for crowd control and space separation.

ROTATING STEEL T-FEET

Steel rotating feet with anchor holes provide a stable base while allowing panels to be positioned and connected into different layouts.

HOOK-AND-LOOP INTERLOCKING

The hook-and-loop connection allows adjacent panels to interlock securely, making it easy to create straight runs or enclosed areas.

SKU	EFFT4272
Weight	45 lbs.
Application	Crowd Control
Feet Style	Flat
Height	42 in
Length	72 in
Blockage	60%
Material	PVC (polyvinyl chloride)
